

GLOBAL AGRIFOOD INNOVATION CHAMPIONSHIP

Taiwan Edition 2026

8–9 September 2026

TaiNEX 1 · Taipei

The Global Agrifood Innovation Championship (GAIC) is an international startup competition held alongside Taiwan Smart AgriWeek 2026, one of Asia's leading exhibitions for agrifood innovation and technology.

GAIC brings together promising AgriTech and FoodTech startups, investors, corporate partners, and ecosystem leaders to accelerate the commercialization of innovative solutions that address the future of food and agriculture.

The championship provides a platform for startups to showcase their innovations, gain valuable industry exposure, build strategic partnerships, and access new opportunities for growth and market expansion.

ABOUT GAIC

OUR VISION

To foster a thriving ecosystem where innovative startups drive the future of sustainable, resilient, and technology-enabled food systems through collaboration, commercialization, and global partnerships.

OUR MISSION

To identify and empower high-potential seed to Series A AgriTech and FoodTech startups by connecting them with investors, corporate partners, and industry leaders while creating opportunities for growth, market access, and commercialization.
